SELECT LIST OF  
STANDARD, NEW AND RARE  
GLADIOLUS  
GROWN BY  
FRANCIS H. WILLIAMS  
14 FRENCH ST., PAWTUCKET, R. I.

SEASON OF 1926.

The following is a list of those choice varieties in my collection of which I have a surplus and are guaranteed to be of first quality and true to name.

I am aware that the very brief descriptions herein given are wholly inadequate, also that fuller descriptions would convey but a faint idea of the enhancing beauty of the lovely varieties offered; a good spike of bloom must be seen to be fully appreciated; but if there are those in this list that you have not seen in bloom, then the next best thing of course is to look them up in your catalogue, getting the originator's description; this will be worth your while. A few of these are known as standard varieties and while cheap in price and somewhat common are still rated as among the best. Many are, however, comparatively new and some few quite so and have been given high ratings.

As stock of some of the varieties offered is limited you are advised to order early and avoid disappointment. Orders will be filled in rotation as received. We do not substitute unless permission is given to do so, but would suggest that you make a second choice. You may order 12 bulbs of equal value for the price of 10 single bulbs, or 6 bulbs for the price of 5. (These may be one or more varieties.) Size A bulbs will be  $1\frac{1}{4}$ " up; size B bulbs about  $\frac{3}{4}$ " up to  $1\frac{1}{4}$ ".

TERMS:

Cash with order or 25% deposit will hold your order until April 1st, balance before shipment.

No order accepted for less than one dollar.

Bulbs prepaid at prices quoted. No order accepted after May 1st.

Canadian orders must be accompanied by number of import permit and remittance should be made by International Postal or Express Money Order.

Shipments of bulbs will begin March 15th, or as soon as safe to do so. Bulblets can be packed so as to be mailed safely except in extremely cold weather.

No wholesale list issued.
